

# BOLT MAKER

Auto multi-station cold Upsetting Former is a specialized machine tool with high precision, high productivity and more automation among metal forging machinery. Cold upsetting technique and cold upsetting formers are used as an important means for producing different kinds of bolts.

- Professional
- Good quality
- Energy conservation

# 20 YEARS

20 years of professional export

# SUPER HIGH QUALITY UNITS

SWING PNEUMATIC GRIPPER

DIGITAL BAFFLING OPERATED BY HAND WHEEL

DIGITAL FEEDING OPERATED BY HAND WHEEL

SLIDING SCREWED SLEEVE OF REAR K.O.

CUT OFF PART

Due to the high accurate multi-function compound gripping mechanism, there are translational wide open gripper, nut gripper and turnover wide open gripper, and these 3 grippers can be interchanged and shared at will. However the key breakthrough design is that the turnover wide open gripper can both turn over and widely open, it expands the production range for different kinds of abnormal parts and reduces the manufacturing cost for the dies.

Our products are designed to meet the needs of various industries and applications. We offer a wide range of solutions, from basic components to complex systems. Our products are known for their reliability, performance, and durability. We have a long history of serving customers worldwide, and we are committed to providing the highest quality products and services. Our products are used in a variety of industries, including manufacturing, construction, and transportation. We have a strong reputation for our products, and we are proud to be a leader in our field. Our products are designed to be easy to use and maintain, and we provide comprehensive technical support and training. We are committed to continuous improvement and innovation, and we are always looking for ways to enhance our products and services. Our products are available in a variety of configurations and options, and we can customize our products to meet your specific needs. We have a large inventory of products, and we can deliver your order quickly and efficiently. We are committed to providing excellent customer service, and we are always available to answer your questions and provide assistance. Our products are designed to be safe and reliable, and we have strict quality control measures in place. We are committed to environmental sustainability, and we use eco-friendly materials and processes in our manufacturing. We are a global company, and we have a strong presence in many countries. We are committed to being a responsible corporate citizen, and we are always looking for ways to give back to the community. Our products are designed to be long-lasting and reliable, and we have a proven track record of success. We are committed to providing the best products and services, and we are always looking for ways to improve.
