

Línea de producción automática de recubrimiento de barril Se puede adaptar a una variedad de piezas pequeñas, piezas estándar y varios tipos de placas necesidades sustanciales en la productividad laboral. Se ha proporcionado el enchapado para esperar del rechazo del conjunto completo de agua y equipos de secado.

1. El rodillo grande puede ser extremadamente PP PP-Casting Materials, perforación de máquina CNC.
2. El sistema de transmisión adopta cada estación de un acoplamiento de engranaje de transmisión, velocidad electromagnética.
3. El dispositivo de alimentación de pesaje automático puede reducir la intensidad de la mano de obra.
4. Equipo de lavado de barril automático de carpetas de pasivación y rechazo automático de secador de color de agua.

Podemos ofrecer a partir de la secado de agua de material de recubrimiento hasta un conjunto completo de equipos. Experiencia rica acumulada especial en la solución zincada pasivada con bañera galvanizada y equipo de color clip, rodillo y plantilla de PP para una patente nacional.

La configuración principal

- 1, la máquina PLC adopta **Productos japoneses de Mitsubishi Electric Corporation;**
- 2, inversor por **Japón "S Mitsubishi Electric Corporation** productos;
- 3, pantalla táctil con productos eléctricos Kunlun-State "S;
- 4, interruptores de proximidad e interruptores fotoeléctricos de **Alemania Productos eléctricos de Turck;**
- 5, contactores y relevos térmicos **Suzhou Siemens Electric Company Products;**
- 6, tanque de desengrasaje químico **304 calefacción de tubo de calefacción eléctrica de acero inoxidable, poder de 48kW, 220V;**
- 7, tanque de agua caliente hecho de **304 Calefacción de tubo de calefacción eléctrica de acero inoxidable, potencia de 10kW, 220V;**
- 8, sumador de elevación del ánodo **304 Calefacción de tubo de calefacción eléctrica de acero inoxidable, potencia de 24kW, 220V;**
- 9, tanque de activación que usa 304 calentamiento de tubo de calefacción eléctrico de acero inoxidable, calentamiento, **potencia 10kw, 220V;**
- 10, Control de temperatura automática utilizando productos Yan Ling Electric Company;
- 11, el camión traza con el cable plano avanzado de 40 núcleos Shanghai Nanyang Fujikura ";
- 512, todos los gabinetes de control, diseño razonable, apariencia elegante, exquisita, fácil de operar, de modo que esa humedad y corrosión. Control Cableado del gabinete Número de línea estructurado, claro y preciso, todos los elementos tienen un etiquetado claro en el panel de operación en inglés.
- 13, sistema con **Funciones de control automáticas y manuales**, En circunstancias normales, el sistema está en operación automática, como el tiempo de residencia de la pieza de trabajo en cada surco, niveles de tráfico y velocidad de elevación. Cada carril comienza, parada, promoción, reducción en la operación y el cambio se puede controlar manualmente, pero esta vez la otra parte todavía se controla automáticamente. Cuando un problema local que necesita reparación, conducir para ir a la operación manual, la línea de producción puede continuar funcionando.
- 14, programa del sistema con interrupción, potencia y función de memoria, fáciles de manejar situaciones inesperadas.
- 15, el sistema está equipado con la gama completa de dispositivos de parada de emergencia para evitar accidentes.
- 16, para la diversidad del producto del usuario, el sistema se puede modificar fácilmente para ejecutar la secuencia del proceso.

Overview

Quick Details

Condition:	New	Place of Origin:	Jiangsu, China
Usage:	Heat Treatment Furnace	Type:	Resistance Furnace
Brand Name:	Rainbow	Voltage:	380V,415V
Dimension(L*W*H):	50m	Certification:	CE Certificate
Weight (T):	65 T	Power (kW):	190
After Warranty Ser...	Video technical support, Online support	Key Selling Points:	Competitive Price
Local Service Loc...	India	Applicable Industr...	Manufacturing Plant
Showroom Locati...	India	Weight:	63900kgs
After-sales Servic...	Engineers available to service machinery overseas	furnace:	mesh belt furnace
Warranty:	1 year		

Supply Ability

Supply Ability:	20 Unit/Units per Year
-----------------	------------------------

Packaging & Delivery

Packaging Details	In Containers,40 feet container, 20 feet container.
Port	Shanghai

PRODUCT FEATURES

All applications and functions of
automatic electroplating line

Linear plating Automatic production line for mechanical parts, automobiles, motorcycle parts and other metal surface oxidation, nickel, chrome, galvanized and other process requirements, but also for engineering plastic surface of the metal plating, such as car decoration pieces, Mobile phone shell and signs and so on.

Phosphorization
production line

zinc electroplating line

Automatic plating production line is mainly applicable to all kinds of small parts and various non-standard items. The equipment is mainly composed of manipulator, tank body, drum, transmission mechanism, conveying device and so on, to meet the various products of different processes to the plating production.

Nickel barrel plating line

Zinc barrel plating line

BARREL TYPE ZINC PLATING ON ROD STEEL BAR

Aluminum profile anodizing line

Electroplating wastewater treatment equipment consists of regulating pool, adding medicine box, reducing pool, neutralizing reaction tank, pH adjusting pool, flocculation tank, inclined tube sedimentation tank, van filter press, clear water pool, air floatation reaction, activated carbon filter , Such as plating rinse water, waste bath, equipment cooling water and rinse ground water, the water contains chromium, zinc, copper, nickel, cadmium and other heavy metal ions and acid, alkali , Cyanide, etc., after treatment, safe discharge.

The exhaust gas treatment system mainly includes the suction hood \ suction pipe \ FRP fan, the exhaust gas treatment tower, the circulating pump, the tank and the pipeline. Mainly involved in the production of electroplating production of various types of chromium emissions, cyanide gas, acid waste gas, alkali waste gas and other comprehensive waste gas. After discharge standards.

THE MAIN CONFIGURATION

- 1, PLC machine adopts Japanese Mitsubishi Electric Corporation products;
 - 2, inverter by Japan's Mitsubishi Electric Corporation products;
 - 3, touch screen with Kunlun-state electrical company's products;
 - 4, proximity switches and photoelectric switches from Germany Turck Electric products;
 - 5, contactors and thermal relays Suzhou Siemens Electric Company products;
 - 6, chemical degreasing tank 304 stainless steel electric heating tube heating, power of 48KW, 220V;
 - 7, hot water tank made of 304 stainless steel electric heating tube heating, power 10KW, 220V;
 - 8, anode lift sump 304 stainless steel electric heating tube heating, power of 24KW, 220V;
 - 9, activation tank using 304 stainless steel electric heating tube heating, power 10KW, 220V;
 - 10, Automatic temperature control using Yan Ling Electric Company products;
 - 11, Truck traces using Shanghai Nanyang Fujikura's advanced 40-core flat cable;
 - 12, All control cabinet, reasonable design, elegant, exquisite appearance, easy to operate, so that moisture and corrosion. Control cabinet wiring structured, clear and accurate line number, all elements have clear labeling on the operation panel in English.
 - 13, system with automatic and manual control functions, under normal circumstances, the system is in automatic operation, such as the residence time of the workpiece in each groove, traffic levels and lifting speed. Each lane start, stop, promotion, reduction in operation and the shift can be controlled manually, but this time the other part is still controlled automatically. When a local problem in need of repair, driving to go to the manual operation, the production line can continue to run.
 - 14, System program with interrupt, power and memory function, easy to handle unexpected situations.
 - 15, system is equipped with the full range of emergency stop devices to prevent accidents.
 - 16, for the user product diversity, the system can be easily modified to run the process sequence.
-

HIGH QUALITY ACCESSORIES

High quality accessories, strong and durable,
reduce the frequency of replacement

FINISHED PRODUCT AFTER PLATING ZINC/NICKEL/CHROME

COMPANY PROFILE

Harbin Rainbow Technology Co.,Ltd comes from China National Machinery Import and Export Corp. Harbin branch. The main business is manufacturing cold forging machine, Bolt Maker, Nut Maker, Part Former, Screw Heading Machine, Thread Rolling Machine, Wire Drawing Machine and Mesh Belt Furnace, Zinc plating plant. etc.

We abide by the principles of honesty, credibility, and mutual-benefit, and do our best to serve clients and customers both at home and abroad. With our top-notch professional knowledge and trading experience, we have seen our market development ability and actual business growth with an increasingly faster pace. We sincerely look forward to working with you to facility your company's foreign market development and China market expansion. Let's build a great future together!

We have established reputation in countries such as India, Iran, US, Europe and Southeast Asia where we have core customer bases. Meanwhile, we are well respected by the domestic factories and the customers in the mechanical and electrical business.

Nowadays, more and more reputed companies compete in a long-term cooperation with us. That's why we can provide our customers with the best quality products, the best price, and the best service.

engineers

Q: Are you factory or trading company?

A: We are the biggest dealer of machines related to fastener area, and we are the agent of China biggest bolt former manufacturer, heat-treatment furnace, and so on.

Q: Why should we choose you?

A: We choose the best supplier out of hundreds of similar factories, which assures that our product is of the best quality.

B: We have more than 20 years experience in this area.

C: We can provide all machines to equip an entire bolt/nut production line.

D: Fully support in buyer workmen trainin

E: Fully support in after-sales service.

Q: What about your price?

A: The price based on your details request, like your product size, machine model, order quantity, and so on.

Q: How about the shipping?

A: ocean shipping, air transportation.

Q: Do you offer after-sale service?

A: yes, we offer full and good service for all our clients. We will always be there for you, if you have any questions.
