CUT OFF PART

Due to the high accurate multi-function compound gripping mechanism, there are translational wide open gripper, nut gripper and turnover wide open gripper, and these 3 grippers can be interchanged and shared at will. However the key breakthrough design is that the turnover wide open gripper can both turn over and widely open, it expands the production range for different kinds of abnormal parts and reduces the manufacturing cost for the dies.

HIGH QUALITY SPARES

Machine production is guaranteed to extend the service life of the machine and reduce the frequency of replacement

COMPANY PROFILE

Harbin Rainbow Technology Co.,Ltd comes from China National Machinery Import and Export Corp. Harbin branch. The main business is manufacturing cold forging machine, Bolt Maker, Nut Maker, Part Former, Screw Heading Machine, Thread Rolling Machine, Wire Drawing Machine and Mesh Belt Furnace, Zinc plating plant. etc.

Notre société vient de la succursale de Harbin de China National Machinery Import and Export Corp. Grâce à de nombreuses années de développement du

marché et d'accumulation d'expérience, nous sommes désormais devenus le plus grand revendeur chinois d'équipements de fixation et consultants clé en main de projets de fabrication de fixations pour les clients étrangers. Nous fournissons des machines fiables et de haute qualité pour l'ensemble de l'industrie des fixations avec notre service après-vente professionnel et rapide. Nos principaux produits comprennent une machine à tréfiler, un fabricant de boulons, un fabricant d'écrous, un ancien pièce, une machine de tête, une machine à rouler les fils et un four à bande maillée. Nous avons acquis une réputation dans des pays tels que l'Inde, les États-Unis, l'Europe et l'Asie du Sud-Est, où nous avons une clientèle importante. Pendant ce temps, nous sommes très respectés par les usines nationales et les clients des secteurs mécanique et électrique. Nous avons la confiance, soutenue par nos connaissances professionnelles et notre expérience dans le secteur mécanique et électrique, de développer les marchés étrangers pour nos entreprises nationales et d'ouvrir les marchés chinois aux entreprises étrangères. <https://www.fastenerequipmentsupplier.com/yunsin/index.php>
