Основная конфигурация
1, PLC Machine принимает Японская продукция Mitsubishi Electric Corporation;
2, инверторЯпония Mitsubishi Electric Corporation продукты;
3, сенсорный экран с продуктами Electrical Company Kunlun-State;
4, Переключатели близости и фотоэлектрические переключатели от Германия Электрические продукты Turck;
5, контакторы и тепловые реле Suzhou Siemens Electric Company Products;
6, Химический обезжиривающий резервуар 304 Электрическая нагревательная труба 304 мощность 48 кВт, 220В;
7, бак с горячей водой, изготовленный из 304 Электрическая нагревательная труба 304, мощность 10 кВт, 220 В;
8, анодный подъемник 304 Электрическая нагревательная труба 304, мощность 24 кВт, 220 В;
9, активационный резервуар с использованием 304 Электрической нагревательной трубки 304 мощность 10 кВт, 220В;
10, автоматический контроль температуры с использованием продуктов Yan Ling Electric Company;
11, Следы грузовика с использованием 40-ядерного плоского кабеля Шанхай Нанян Фудзикура;
512, весь шкаф для управления, разумный дизайн, элегантный, изысканный вид, прост в эксплуатации, так что влага и коррозия.Проводка управления структурированным, чистым и точным номером строки, все элементы имеют четкую маркировку на панели операции на английском языке.
13, Система с автоматические и ручные функции управления,При нормальных обстоятельствах система находится в автоматической работе, такой как время пребывания заготовки в каждой канавке, уровни трафика и скорость подъема.Каждый запуск полосы движения, остановка, продвижение по службе, сокращение работы и сдвиг можно контролировать вручную, но на этот раз другая часть все еще управляется автоматически.Когда локальная проблема, нуждающаяся в ремонте, поездка на ручную работу, производственная линия может продолжать работать.
14, Системная программа с прерыванием, функцией питания и памяти, легко обрабатывать неожиданные ситуации.
15, Система оснащена полным диапазоном аварийных остановок для предотвращения несчастных случаев.
16, для разнообразия пользовательских продуктов, система может быть легко изменена для запуска процесса sequence.https: //www.fastenerequipmentsupplier.com/yunsin/index.php

RAINBOW

AUTOMATIC ELECTROPLATING LINE

Professional ☑
Good quality ☑
Energy conservation ☑

20 YEARS
20 years of professional export

Overview

Quick Details

Condition:	New	Place of Origin:	Jiangsu, China
Usage:	Heat Treatment Furnace	Type:	Resistance Furnace
Brand Name:	Rainbow	Voltage:	380V,415V
Dimension(L*W*H):	50m	Certification:	CE Certificate
Weight (T):	65 T	Power (kW):	190
After Warranty Ser...	Video technical support, Online support	Key Selling Points:	Competitive Price
Local Service Loc...	India	Applicable Industr...	Manufacturing Plant
Showroom Locati...	India	Weight:	63900kgs
After-sales Servic...	Engineers available to service machinery overseas	furnace:	mesh belt furnace
Warranty:	1year		

Supply Ability

Supply Ability:	20 Unit/Units per Year

Packaging & Delivery

Packaging Details	In Containers,40 feet container, 20 feet container.
Port	Shanghai

PRODUCT FEATURES

All applications and functions of
automatic electroplating line

Linear plating Automatic production line for mechanical parts, automobiles, motorcycle parts and other metal surface oxidation, nickel, chrome, galvanized and other process requirements, but also for engineering plastic surface of the metal plating, such as car decoration pieces, Mobile phone shell and signs and so on.

Phosphorization
prodution line

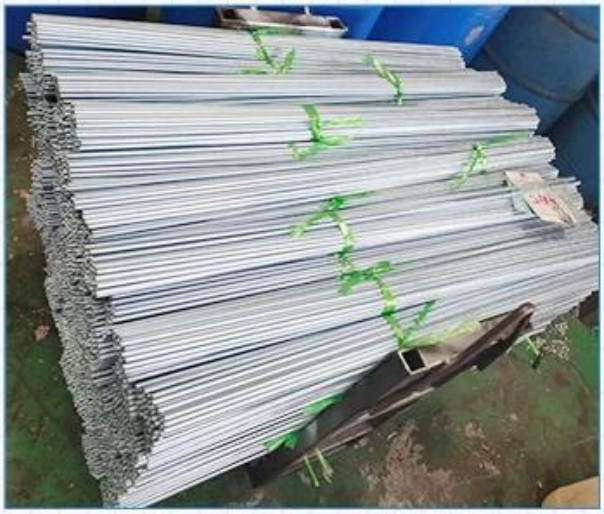
zinc electroplating line

Automatic plating production line is mainly applicable to all kinds of small parts and various non-standard items. The equipment is mainly composed of manipulator, tank body, drum, transmission mechanism, conveying device and so on, to meet the various products of different processes to the plating production。

Nickel barrel plating line

Zinc barrel plating line

BARREL TYPE ZINC PLATING ON ROD STEEL BAR



Aluminum profile anodizing line

Electroplating wastewater treatment equipment consists of regulating pool, adding medicine box, reducing pool, neutralizing reaction tank, pH adjusting pool, flocculation tank, inclined tube sedimentation tank, van filter press, clear water pool, air floatation reaction, activated carbon filter , Such as plating rinse water, waste bath, equipment cooling water and rinse ground water, the water contains chromium, zinc, copper, nickel, cadmium and other heavy metal ions and acid, alkali , Cyanide, etc., after treatment, safe discharge.

The exhaust gas treatment system mainly includes the suction hood \ suction pipe \ FRP fan, the exhaust gas treatment tower, the circulating pump, the tank and the pipeline. Mainly involved in the production of electroplating production of various types of chromium emissions, cyanide gas, acid waste gas, alkali waste gas and other comprehensive waste gas. After discharge standards.

THE MAIN CONFIGURATION

1, PLC machine adopts Japanese Mitsubishi Electric Corporation products;
2, inverter byJapan's Mitsubishi Electric Corporation products;
3, touch screen with Kunlun-state electrical company's products;
4, proximity switches and photoelectric switches from Germany Turck Electric products;
5, contactors and thermal relays Suzhou Siemens Electric Company products;
6, chemical degreasing tank 304 stainless steel electric heating tube heating, power of 48KW, 220V;
7, hot water tank made of 304 stainless steel electric heating tube heating, power 10KW, 220V;
8, anode lift sump 304 stainless steel electric heating tube heating, power of 24KW, 220V;
9, activation tank using 304 stainless steel electric heating tube heating, power 10KW, 220V;
10,Automatic temperature control using Yan Ling Electric Company products;
11, Truck traces using Shanghai Nanyang Fujikura's advanced 40-core flat cable;
12, All control cabinet, reasonable design, elegant, exquisite appearance, easy to operate, so that moisture and corrosion. Control cabinet wiring structured, clear and accurate line number, all elements have clear labeling on the operation panel in English.
13, system with automatic and manual control functions,under normal circumstances, the system is in automatic operation, such as the residence time of the workpiece in each groove, traffic levels and lifting speed. Each lane start, stop, promotion, reduction in operation and the shift can be controlled manually, but this time the other part is still controlled automatically. When a local problem in need of repair, driving to go to the manual operation, the production line can continue to run.
14, System program with interrupt, power and memory function, easy to handle unexpected situations.
15, system is equipped with the full range of emergency stop devices to prevent accidents.
16, for the user product diversity, the system can be easily modified to run the process sequence.

HIGH QUALITY ACCESSORIES

High quality accessories, strong and durable,
reduce the frequency of replacement

FINISHED PRODUCT AFTER PLATING ZINC/NICKEL/CHROME

COMPANY PROFILE

Harbin Rainbow Technology Co.,Ltd comes from China National Machinery Import and Export Corp. Harbin branch. The main business is manufacturing cold forging machine, Bolt Maker, Nut Maker, Part Former, Screw Heading Machine, Thread Rolling Machine, Wire Drawing Machine and Mesh Belt Furnace,Zinc plating plant. etc.

We abide by the principles of honesty, credibility, and mutual-benefit, and do our best to serve clients and customers both at home and abroad. With our top-notch professional knowledge and trading experience, we have seen our market development ability and actual business growth with an increasingly faster pace. We sincerely look forward to working with you to facility your company's foreign market development and China market expansion. Let's build a great future together!

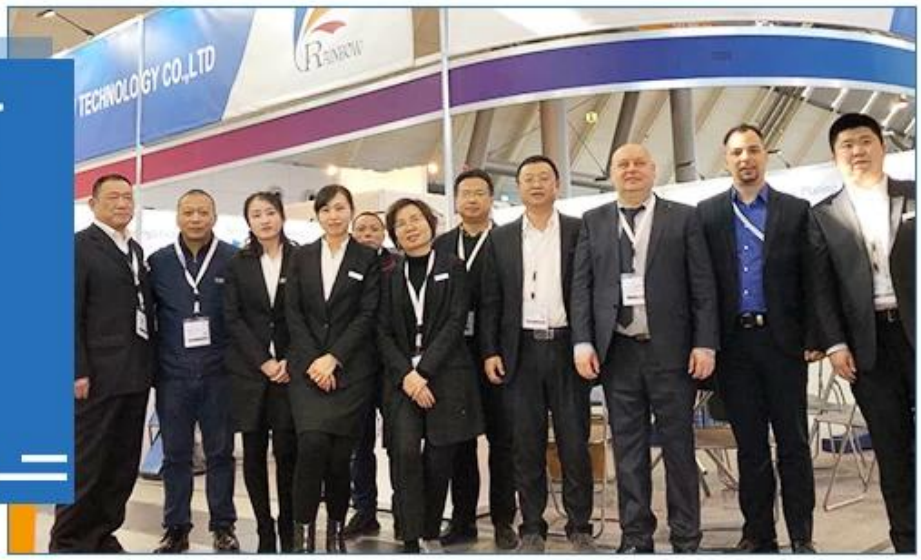
We have established reputation in countries such as India, Iran, US, Europe and Southeast Asia where we have core customer bases. Meanwhile, we are well respected by the domestic factories and the customers in the mechanical and electrical business.

Nowadays, more and more reputed companies compete in a long-term cooperation with us. That's why we can provide our customers with the best quality products, the best price, and the best service.

ABROAD CUSTOMERS

OFFICE IN INDIA

STUTTGART EXHIBITION IN 2019



MUMBAI EXHIBITION IN 2019

SHIPPMENT

OUR ADVANTAGES

Professional manufacturers, trustworthy

high quality productions

strong production capacity

better online service

professional team

skilled and professional experience engineers

FAQ

THE BASIC PROBLEM

Q: Are you factory or trading company?

A: We are the biggest dealer of machines related to fastener area, and we are the agent of China biggest bolt former manufacturer, heat-treatment furnace, and so on.

Q: Why should we choose you?

A: We choose the best supplier out of hundreds of similar factories, which assures that our product is of the best quality.

B: We have more than 20 years experience in this area.

C: We can provide all machines to equip an entire bolt/nut production line.

D: Fully support in buyer workmen trainin

E: Fully support in after-sales service.

Q: What about your price?

A: The price based on your details request, like your product size, machine model, order quantity, and so on.

Q: How about the shipping?

A: ocean shipping, air transportation.

Q: Do you offer after-sale service?

A: yes, we offer full and good service for all our clients. We will always be there for you, if you have any questions.
