

NUT MAKER

Nuts making machine is mainly used for making all kinds of standard and non-standard nuts. It can finish the products in one time with advantages of energy saving, high productivity and easy use.

- Professional
- Good quality
- Energy conservation

20 YEARS

20 years of professional export

PRODUCTION AREA

Provide You With A Variety Of Products Meet
The Different Needs Of Customers

Extra thick nut, flanged nut, motorcycle link pin, oil plug screw, hex socket lockup nut, square nut, weld nut, cap nut, blind nut, chain roller, expansion anchor, bicycle and motorcycle shaped spare parts, and so on.

Safety-oriented
production

Zero Quality
Inspection

Pre-sale Design
Customization

DETAILS SHOW

High quality internal mix to improve
your productivity

FIELD OF PRODUCTION APPLICATION

Thanks to the advantage of the cold upsetting equipment itself and the superiority of cold upsetting technique, the formers also are widely used in different national economic territories for producing fasteners and abnormal non-standard parts such as aviation steamer, machinery , rail traffic, vehicle, motorcycle, bicycle, architecture, electric appliance electronic andcommunication products, etc.
